Property Owner (if not the same as applicant):

Name: _____

Address: _____

Phone #: _____

Email: _____

1. Number of chickens (limit 6): _____

2. Describe plan for disposal of manure and other waste:

3. Describe coop and run design including proposed materials:

4. Attach a property diagram describing the location and dimensions of the proposed coop and attached run, as well as clearly marked distances to all lot lines and neighboring structures. Applicants can find diagrams of their property to print off at: <http://aims.jocogov.org/>

5. If the applicant is the resident but not the owner of the property on which the applicant wishes to harbor, keep or maintain chickens, this application shall be accompanied by a written statement of support signed by the property owner. Such statement shall include an agreement between the resident/applicant and property owner regarding maintenance, as well

as disposition of chickens, coop, and other related items in the event the resident vacates the property.

I, the undersigned, hereby certify that I understand and agree that:

- 1) I shall not commence construction of, or otherwise locate, a coop or run, nor will I harbor, keep, or maintain any chickens, until such time as the City has informed me in writing that the location of the proposed coop and run comply with the provisions of the City's ordinances and Code provisions.
- 2) In the event a neighboring property owner timely objects to this application, the matter will be presented to the City Council for determination and I will receive written notification of such meeting and the outcome thereof.
- 3) Once I receive written notification that I may construct or otherwise locate a coop and run as set forth in this application, I will not harbor, keep, or maintain any chickens until such time as the City has conducted an inspection of the completed coop and run for compliance with the City's ordinances and Code provisions, and has informed me in writing that my application has been approved and a license issued.
- 4) Chickens and chicken products are primarily for personal, non-commercial use.
- 5) I will comply with regulations and standards of care pursuant to City ordinances and Code provisions.
