

### **Large Item Pick-Up**

The city partners with Waste Management to host a curbside large item pickup event each year. Events are typically scheduled in the spring and fall on a Saturday. Notice of dates come via black box and a Qblast communication.

In conjunction with the large item event, City Union Mission comes out the Friday prior to collect curbside donations for the Mission.

Each year the city also partners with Shred-it to host a shred event. This event is scheduled on the same Saturday as the large item pickup event; however, typically only once per year. It is held in the bay parking lot behind City Hall.

**Notice of dates come via black box and a Qblast communication.**
